1	07806	• Gland Nut - Includes Wiper Ring
2	07799	• Seal Kit - Wiper Ring - Packing Set
3	07800	• GUIDE RING

**When ordering parts, furnish part No., Name and Description**

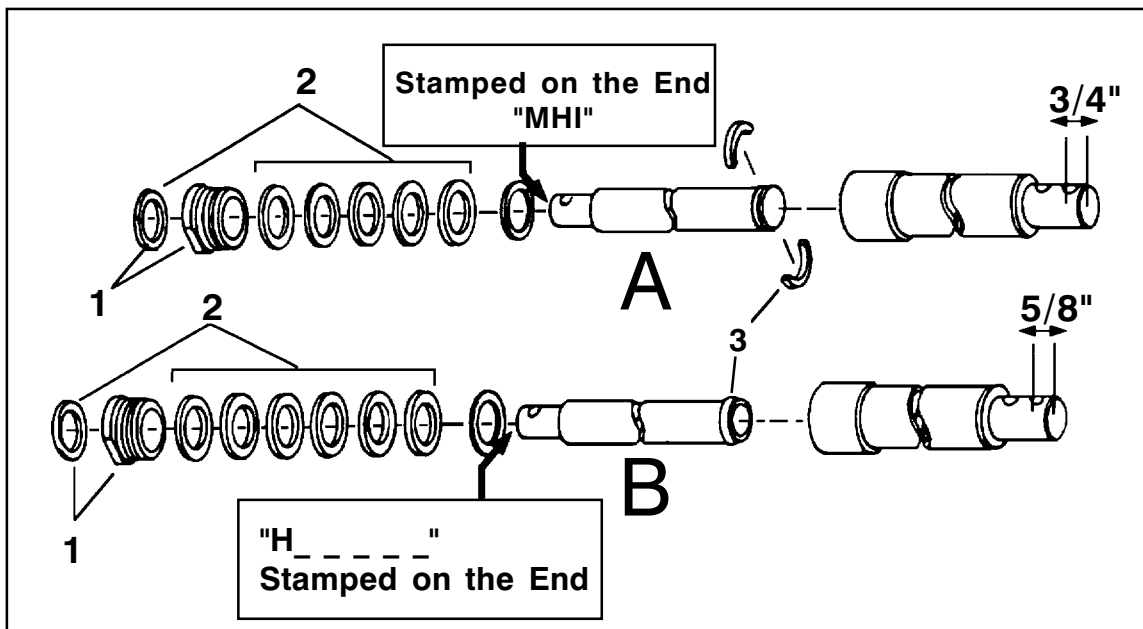

Replacement Packings or Seals should be oil soaked before installing.

After assembly, Oil Test to 3000 P.S.I. and check for leaks.

Hydraulic Rams with Gland Nut are designed with Wiper Ring to wipe foreign matter from the Rod.

Packing Set is located under Gland Nut and can be tightened to stop leakage.

**DO NOT** over tighten; packing will seize and restrict Rod movement.

Parts indented are included in the carton, bag or assembly under which they are indented. When ordering parts, furnish Part No., Name, and Description. Also furnish Vehicle Model and Year. Type of Hydraulic Unit and Moldboard Size.
